

## **DECLARATION OF COMPLIANCE**

We declare that the following products:

### **Playdur single layer and triple layer:**

#### **Raw Material:**

The pellet of PE is made with monomers authorized in Annex I of Regulation (EU) 10/2011, and subsequent modifications (EU) 2016/1416 containing the hexene monomer as a co-monomer that has a migration limit and PE does not contain heavy metals, neither dual additives nor aromatic amines as defined in Annex II of the Regulation.

The dyes have been manufactured in compliance with Regulation (EU) 10/2011, Resolution AP (89) and may contain dual additives suitable for contact with foods such as E-170 or E-171.
